Scionwood, or scions, are twigs for grafting. They are \$5 each and are approximately 8" long. **For larger quantities consider buying by the foot:** 10-foot minimum per variety, \$4.50 per foot. Scionwood quantities are limited, so order early.

We will ship scionwood and early rootstock orders around March 15, 2021. Scionwood-only orders may ship a little sooner; orders with rootstock may ship a little later. Remain calm. **You will receive an email notification when your order ships.** We routinely send scions and rootstock during cold and freezing weather. They are fine in their packaging no matter how low the temps are during shipping. It's also not unusual for packages to be delayed by snowstorms. Even if your order spends an extra couple days in transit or your scions have icicles hanging off of them, the plant material will still be OK to use. However, **we are not responsible for the quality of plant material in the event your package is not promptly picked up or opened.**

Please note: We try to provide wood that is close to 1/4" in diameter. When only smaller wood is available and we consider it usable, we send it. We do not issue refunds or replacements based on diameter of wood. Nature is variable and some varieties do not grow large wood. We expect that you know how to graft and will adjust your grafting methods to meet the materials. If the wood is too small to use the whip-and-tongue method, let the bark slip on the stock and make a bark graft instead. No refunds for leafed-out rootstock — it's fine for use.

- We ship via FedEx or Priority Mail, our choice. If you require postal delivery, use the Alaska/Postal rates.
- For more information about storing and collecting scionwood, see page 39.
- For descriptions of scionwood varieties, please check our website: fedcoseeds.com/trees.
- For grafting supplies, please refer to our Seeds & Supplies catalog, or visit fedcoseeds.com/ogs.

We accept Visa, MasterCard, American Express and Discover Card. Exp. Date
